I. CSP Annual Review Meetings

Date	Location	Non-BES attendees
June 12, 2004	Germantown, MD	Udaya Rao, FE/NETL Charles Sorrell, EER&E/OIT Christian Mailhot, LLNL (representing NNSA)
June 3-4, 2004	Germantown, MD	

Comments

These Review meetings are attended by:

- Most of DMS&E management and staff (Pat also attends as much as her schedule allows).
- CSP representatives from all the Labs.
- CSP Project coordinators and presenters.
- CSP's Technology Steering Group members.
 - Prof. L. Eric Cross, Pennsylvania State University
 - Dr. David W. Johnson, Jr., Stevens Institute of Technology
 - Dr. Hylan B. Lyon, Marlow Industries
 - Dean Paul S. Percy, University of Wisconsin
 - Dr. Charles Sorrell, DOE/Energy Efficiency & Renewable Energy
 - Dr. John Stringer, Electric Power Research Institute (EPRI)
 - Dr. Arthur Yang, Arthur Yang Industries Science and Technology Network, Inc.
 - Dr. Udaya Rao, DOE/Fossil Energy
 - Dr. Christian Mailhot, DOE/Defense Programs; Lawrence Livermore National Laboratory.
- Invitees from DOE Technology Offices (We have had limited success here).

II. CSP's Annual Coordination Meeting

Date	Location	Non-BES attendees
December 2, 2003	Boston	Paul Percy (U. Wisconsin) Eric Cross (Penn State) Hy Lyon (Marlow Industries)
November 30, 2004	Boston	

Comments:

- The annual meeting is held in conjunction with the Fall MRS meeting because most attendees attend this MRS meeting.
- The meeting is devoted to presentation/evaluation of new proposals for CSP projects, coordination of Center activities and new business.
- Attendees include CSP Labs' representatives, many BES/DMS&E staff, proposal presenters, and some TSG members.

III. CSP Projects Workshops

Workshop Title	Date	Location	Non-BES Gov.'t attendees
Nanocomposite Magnets	October 19-21, 2003	Pacific Grove, CA	
Granular Flow & Kinetics	January 18-21, 2003	Argonne, IL	Hans Kaper (NSF)
Perovskite Thin Films	March 17, 2003	Albuquerque, NM	
Lubrication at the Nanoscale	March 19, 2003 March 14, 2003	Austin, TX Albuquerque, NM	
Cuprate Superconductors	July 23-25, 2003	Washington, D.C.	joint w/ EE&RE
Spin Polarized Oxides	September 15-16, 2003	Santa Fe, NM	
Nanostructured Carbon	April 14, 2003	Argonne, IL	
High Temperature Intermetallics	May 6-7, 2002	Chicago, IL	Udaya Roa, FE/NTEL

Comments:

- Attended by researchers from labs, academia and industry. We have generally extended invitations to DOE technologies office with little success. BES/DMS&E staff attend some of these workshops as schedules/travel budgets permit.
- 2004 Projects Workshops are being planned. No dates are available at this time.

IV. CSP Project Coordination Meetings

Project team members usually meet once or twice a year in conjunction with scientific meetings they usually attend. These include APS, MRS, ACS, Electrochemical Society and other meetings. These are usually informal meetings at which team members discuss progress and coordination of activities. BES/DMS&E staff and TSG members occasionally attend.
